Use For Over Thirty Years

A joiner and builder of Karoma, Oklahoma, who was employed in building a schoolhouse at that place, related the following narrative to his fellow workmen one day during noon hour, while they were eating dinner: "Before I came to Oklahoma, I used to live in Chicago. I worked at the bricklayer trade and was troubled with dyspepsis a great deal. My head ached terribly at times, and I durst not eat raw vegetables of any kind. I tried all kinds of medicine with no effect. My case grew rapidly worse; I had to quit work. One day an old friend of mine visited me and asked me what kind of medicine I was taking. I named a whole list of medicines that had been prescribed for me, all having little or no effect. 'John,' said he, 'try Ripans Tabules. You can got them at the corner drug store.' I sent my little boy to the store and told him to get me some. He soon came back with them and I commenced to use them. Before I had used half of the box, I began to get better, and when I had used/it all, I was well and went to work again. Since then I have always kept them in the house. And if you will come to my house," he said, turning to a man who had complained of headache, "I will give you a medicine that you will have faith in."
